COMPANY PROFILE

關於全達

全達工業股份有限公司成立於1987年，擁有近40年的專業技術，專注於高精密金屬零件OEM製造與出口。使用先進的加工設備確保高精度的製造並能全面掌控從鋼材原料的採購、鍛造、精密加工到成品製造的每個步驟，以確保產品品質。我們秉持卓越與持續改進的理念來滿足多樣化的客戶需求。面對新的挑戰與未來展望，我們始終以「誠信、嚴謹、精密、效率、創新」的理念引領行業。我們不斷追求卓越，並將持續發展專業經營與負責任的精神，朝向多元化及國際化的方向邁進。我們的目標是成為全球首選的精密製造合作夥伴，專注於提供高精度製造及量身定制的客戶解決方案。

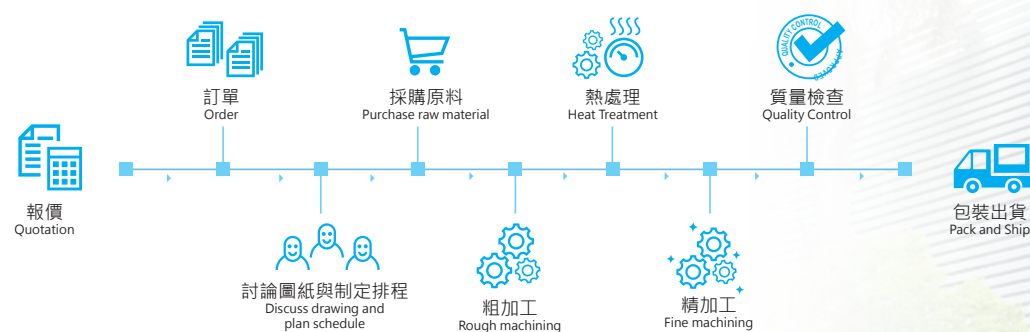

我們的業務

我們專注於OEM高精密零件，包括氣動和電動工具之關鍵零組件、汽車零配件、醫療器械、特殊螺絲。

為何選擇我們

- ✓ 擁有多元及先進的CNC設備: CNC車床、CNC銑床、CNC外圓磨床、CNC內孔磨床、CNC平面磨床
- ✓ 搭配頂尖IoT自動化設備及ERP來穩定生產量及提升工廠管理。
- ✓ 在生產過程中保持嚴格的品質控制，以確保一致的高品質輸出。
- ✓ 提供量身定制的解決方案，滿足每位客戶的具體需求。
- ✓ ESG 承諾：重視員工福利，創造安全、包容的工作環境配合經濟部產業發展署產業低碳化輔導單位輔導完成自我探盤查，並對我們的可持續發展目標做出貢獻，減少碳排放，體現我們的ESG（環境、社會和治理）承諾並達到全球2050年淨零排放。

About Us

Founded in 1987, Chung-Ta C.T. Industrial Co., Ltd. has nearly 40 years of expertise in OEM manufacturing and exporting high-precision metal parts. We use advanced equipment to ensure precision at every stage, from raw material procurement to final product manufacturing, guaranteeing top-quality results. We are committed to excellence and continuous improvement to meet diverse customer needs. Our guiding principles of "Integrity, Rigor, Precision, Efficiency, Innovation" lead us as we expand towards international markets. Our goal is to be the global partner of choice in precision manufacturing.

Why Choose Us

- Advanced CNC machinery, including CNC lathes, CNC Milling, CNC External Cylindrical Grinding, CNC Internal Grinding and CNC Surface Grinding Machine.
- Integrated IoT automation and ERP systems to ensure stable production and enhance factory management.
- Strict quality control throughout the production process.
- Customized solutions to meet specific customer needs.
- ESG Commitment: We prioritize employee welfare by creating a safe and inclusive work environment. In collaboration with the Industrial Development Administration's low-carbon initiative, we have completed a self-conducted carbon check. We are committed to contributing to our sustainability goals by reducing carbon emissions, reflecting our ESG (Environmental, Social, and Governance) commitment, and working toward achieving global net-zero emissions by year 2050.
